

Booking Requirements

We ask that all customers read and adhere to the following guidelines before completing your booking request

You will be required to provide a valid telephone number and email address to fulfil our track and trace policy outlined by the government. If you are unable to do this on booking, then you will be asked to provide these details on arrival.

Reservations are currently only being taken online, via our website system. Please do not telephone to make your booking as our phones are not manned daily.

You should only book a table for guests who are from the same household as you or from on another household. (i.e. a table can be booked for guests from two different households, including support bubbles.) We are however limiting at present our booking size to a maximum of 6 guests, to help us understand how our restaurant will work at this transitional time.

Weather permitting, our outside dining tables can be used and booked in the same manner and requirements as the indoor reservation but with the added option of holding up to 6 guests from any number of households. (Please note this extra option is only applicable to our outside dining area)

At present we are not taking bookings for larger groups or private parties indoor or outdoor until further guidance is provided by the government.

If you have any further questions about our current booking policy, please contact us via email thequartercafehanley@gmail.com
