Walk-In No Reservation Policy

We are primarily promoting that all customers place an online reservation via our booking system at www.thequartercafe.co.uk to secure their table and dining time slot.

However, we understand that in some cases, this is not possible. Should you decide to 'walk-in' to the QUARTER without a reservation, please understand that in order to adhere to the government guidelines on the recording of customer contact details for their track and trace provision of COVID-19 localised outbreaks, we will be required to ask for and record the following information:

Name

Contact Telephone Number

Or

Valid E-mail Address

If you are unable to provide us with this information, we will be unable to seat you in the venue. This personal information will be securely stored for 21 days, after which time will be safely destroyed in line with data protection methods.

Thank you in advance for your understanding and support in this matter.

Team QUARTER
